ASSOCIATION  
LEADERSHIP

Brad Killmeyer is an enthusiastic leader whose passion for helping students create the lives they desire is nothing short of inspiring. He's an individual of character and brings a positive attitude to everything he does.

Brad has been a dynamic partner for TRI Leadership Resources since 2016. He has worked with our team on 45-minute power leadership trainings, multiple hour-long leadership trainings, and 45-minute keynote speeches. His energy and positive attitude is contagious.

Brad has a unique ability to relate to students, and takes the time to connect and get to know them personally.

Leading up to and throughout events, Brad brings a one-two punch with high energy and clear communication. Our team values his ability to listen and understand our vision and build custom programs that will connect with audiences.

Brad is a model example of who you hope to partner with on events. His enthusiasm and ability to leave a lasting impact is why we continue to work with Brad.

Sincerely,
